Description

Crafted with meticulous attention to detail, this statuesque ceramic vase showcases an authentic weathered stone finish that adds depth and character to any space. The generous proportions and cylindrical silhouette create an imposing presence that draws the eye while maintaining understated refinement. The neutral palette and rustic texture make it an ideal vessel for dramatic floral arrangements, particularly when paired with our Green Peony stems or Variegated Eucalyptus sprays for a contemporary botanical display. For those seeking to create a cohesive collection, this piece harmonizes beautifully with the Regola Matt White Ceramic Vase, Darcy Antique White Vase, and Tiber Stone Ceramic Vase from our curated range. The artisanal stone effect treatment ensures each piece has subtle variations in tone and texture, making every vase uniquely appealing. Perfect for both minimalist modern interiors and traditional settings, this vase offers retailers a high-demand product that appeals to discerning customers who appreciate authentic materials and artisanal quality. The substantial size makes it equally suited for grand entranceways or as a statement piece in more intimate settings, while its versatility allows for both dried and artificial arrangements.
