White-washed pinecone bauble adds rustic grandeur to seasonal displays. Natural textures inspire woodland themes. Perfect pairing with metallic and glass ornaments.

Nordic-inspired design

Multi-season appeal

Oversized scale for impact

Code: 23452
Dimensions: 7L x 7W x 18H

Description

Winter celebrations reach new heights with this oversized pine cone ornament, meticulously finished in an antique white wash that lends depth and character to any seasonal display. The substantial scale and authentic pinecone texture create a focal point that draws attention while maintaining a serene, wintry atmosphere. This statement piece harmonizes perfectly with both traditional and contemporary holiday themes, making it an essential addition to any retailer's seasonal collection. The weathered white finish allows it to blend seamlessly with an array of complementary decorative elements - pair it with the smaller version for a coordinated display, or combine it with the Natural Nutcracker Decoration and Antique Gold Bell Bauble for a cohesive woodland-inspired arrangement. The rustic charm extends beyond Christmas, working beautifully as part of winter-themed displays throughout the colder months. For maximum visual impact, we recommend grouping with our Burnished Glass Honeycomb Bauble and The Noel Collection Large Wicker Bell Decoration, creating an artful mix of textures and finishes that will delight customers seeking distinctive holiday decor.
