Description

Indulge in the opulent allure of this meticulously detailed mirrored tray, where antique metallic finishes meet distressed glass surfaces to create an atmosphere of refined luxury. The carefully considered wooden detailing adds depth and character, while the weathered mirror panels reflect light in subtle, enchanting ways that enhance any display arrangement. Perfect for both residential and commercial settings, this exceptional piece serves as an ideal platform for showcasing precious objects or creating eye-catching vignettes. For maximum visual impact, pair with complementary accessories from the Astor collection, such as the coordinating square trays in varying sizes, or enhance the reflective qualities with LED candles from the Luxe Collection. The addition of a Large Fluted Glass Display Bowl or Perugia Vases creates multiple layers of visual interest, while decorative hanging mirrors from the same design family amplify the sophisticated aesthetic. Whether used in hospitality environments or high-end retail displays, this tray offers endless styling possibilities for creating memorable tablescapes and engaging product presentations that will resonate with discerning clientele.
