Description

A single stem of large headed hydrangea in creamy peach tones with a hint of blush. This stem will take you through summer to autumn with ease. Display an odd number in a vase of your choice to bring instant softness to a space, or mix with some foliage for a fuller bouquet. This bloom also works especially well with Cream Dahlia or Pink Allium for a seasonally inspired, full vase look. Regular floristry points along the wired stem of these beautiful faux flowers make trimming them to length simple (wire cutters recommended) or in many cases you'll find can bend them to fit an opaque vase.
