- Intense noir finish enhances depth perception
- Substantial bloom size for maximum impact
- Pairs with monochrome and contrasting stems

Code: 22733

Dimensions: 14L x 19W x 65H

Description

Dark drama meets floral finesse in this deep noir chrysanthemum, featuring richly textured petals that cast mysterious shadows and create depth in any arrangement. The inky black hue makes an unforgettable statement in modern and gothic-inspired spaces, while its substantial bloom size commands attention as a focal point. Perfect for creating moody seasonal displays, this artificial flower pairs beautifully with our tall black poppy stems and blackened grass sprays for a cohesive monochromatic theme. For a dramatic contrast, combine with the pale pink tea rose or cream cosmos spray to achieve a stunning light-and-dark interplay. The silver wattle leaf and ornamental burgundy leaf accessories provide the ideal foliage backdrop, emphasizing the chrysanthemum's intense coloring and adding textural variety to the overall composition. Ideal for boutique florists, high-end retail displays, and interior designers seeking to introduce unexpected elements into their botanical arrangements.
