Description

Dramatic proportions meet minimalist design in this statement-making circular wall mirror that anchors any space with its impressive 120cm diameter. The sleek metal frame, finished in a deep matte black, creates a perfect circular outline that appears to float against the wall, adding depth and perspective to your interior scheme. This mirror excels in both residential and commercial settings, making it an excellent choice for retailers seeking inventory with broad appeal. The understated black finish allows for seamless integration with various decor styles, from industrial to modern minimalist. For a cohesive aesthetic, pair this mirror with our selection of monochromatic accessories - the Female Figure Vase brings artistic flair, while the Grey Faux Pampas Grass Stem adds organic texture. The Aged Stone Ceramic Vase complements the mirror's contemporary edge with its raw, tactile finish. Consider displaying multiple pieces in varying heights to create dynamic visual interest that will appeal to design-conscious customers. The mirror's substantial scale makes it particularly impactful in entryways, above console tables, or as a centerpiece in retail display windows, where it reflects light and creates an illusion of expanded space.
