

Bracken Art On Texture-Torn Paper With Beaded Frame

Beautifully preserved bracken fern on textured paper, set in a luxurious beaded frame. Perfect for contemporary or classic interiors, especially in natural and Scandinavian schemes. Pairs wonderfully with botanical prints and organic decor for an elegant gallery wall.

- Delicate sage-green fern illustration on textured torn paper creates an artisanal, gallery-quality aesthetic
- Handcrafted
- Versatile neutral palette suits multiple design styles - from coastal to contemporary, Scandinavian to traditional

Code: 23799
Dimensions: 2L x 40W x 50H

Description

This exquisite botanical print showcases a delicately preserved bracken fern, artfully presented against a textured, torn paper background. The piece is housed in a sophisticated beaded frame that adds a subtle shimmer and refined detail to the overall composition. Perfect for both contemporary and classic interiors, this versatile artwork resonates particularly well with natural, Scandinavian, and modern rustic design schemes. The neutral palette and organic subject matter make it an excellent choice for creating serene focal points in bedrooms, studies, or living spaces. Consider displaying this piece as part of a curated gallery wall with other botanical prints, or pair it with weathered woods, natural linens, and earthy ceramics to create a cohesive nature-inspired aesthetic. The understated elegance of this framed fern print appeals to customers seeking sophisticated yet approachable wall art that bridges the gap between traditional botanical illustration and modern minimalist design. Stock alongside complementary pieces featuring pressed flowers, leaves, or other natural specimens to create an engaging retail display that appeals to design-conscious consumers looking to bring elements of the outdoors into their homes.
