Description

Experience the unmatched realism of this long-stemmed faux peony, featuring an intricately detailed full bloom accompanied by a true-to-life closed bud. The feathered petals showcase a spectrum of rich burgundy tones that capture the depth and complexity found in fresh-cut garden varieties. Each stem is thoughtfully wired for flexible arrangement possibilities, allowing creative expression in both commercial and residential displays. This botanical marvel pairs beautifully with our Deep Burgundy Orchid Spray for dramatic seasonal arrangements, while the Burgundy Berried Eucalyptus adds textural contrast and organic flow. For a stunning autumnal display, combine with our Orange Dahlia Spray and Deep Mustard Dahlia Stem to create a rich, warm color story that will resonate with discerning customers seeking authentic-looking arrangements. The addition of our Eucalyptus Spray provides the perfect finishing touch, adding movement and a subtle silver-green accent that enhances the overall composition. This peony's exceptional quality and realistic appearance make it an essential addition to any artificial flower collection, promising strong appeal to customers who value authenticity in their decorative choices.
