

Capri Large Corner Set With Riser Table + 2 Stools

Code: 23099
Dimensions: 72L x 92W x 185H

Description

Full Item Size in cm: 2 Seat Sofa (72H x 185W x 92D), Corner (73H x 95W x 95D), Table (52/72H x 150W x 90D), Stool (40 x 40 x 40) This is the Capri Collection Outdoor Two Seater Sofa. Arriving Spring '24, this premium quality HDPE outdoor wicker sofa is the perfect blend of style and durability. Every detail of its construction has been built with your long-lasting enjoyment in mind. With a frame built from lightweight yet sturdy powder coated aluminium, it is protected against rust and corrosion within. Externally, the choice of 5mm half-round HDPE wicker weave delivers you the most realistic and hardwearing wicker on the market. Hard wood, eco-friendly (fast-growing) acacia wood feet also offer long-lasting durability. Built to last, this sofa is weatherproof, rustproof and can remain outdoors year around (although, like anything, it will last even longer if stored under cover from the elements). The sofa comes with comfortable seat cushions in a grade 5 Olefin fabric that keep their colour. The cushions are shower-resistant, UV-resistant and easy to remove. Because Olefins are more resistant to mildew than polyester and dry more quickly, they are an excellent choice for furniture exposed to the elements. Ideally cover them when not in extended periods of use and bring them inside during winter months for increased longevity. Cleaning this outdoor furniture will be easy - HDPE wicker can be washed with mild soapy water (without abrasive solvents) and a soft brush. The cushions are sponge clean only.
