Description

This is the Castello Aged Stone Vase. This large vase provides a real statement via both its stature and shape. Added to that imposing size and shape is a really eyecatching aged finish that will enable it to fit in with a wide variety of colour schemes. The tones on this vase allows you to effortlessly layer extra texture into a space. This vase teams beautifully with our dried and faux flowers and foliage and is intended for these rather than real flowers: if customers wish to display real flowers in them, they must use a florist's cellophane wrap to contain water.
