

Classic White Peony

This expertly crafted white peony delivers authentic botanical details and lasting freshness. Pairs beautifully with garden roses and greenery. Perfect for upscale retail displays.

- Chosen for its realism
- Handcrafted
- From our popular 'Recipe Collection'

Code: 20208
Dimensions: 13L x 13W x 69H

Description

From our distinguished Recipe Collection, this meticulously detailed white peony exemplifies true botanical artistry in every petal and leaf. The pristine white blooms showcase delicate layering and subtle tonal variations that mirror their living counterparts with remarkable accuracy. For an enchanting floral arrangement, pair this showstopping bloom with our white garden rose spray for depth, complement with airy gypsophila sprays for texture, and incorporate trailing sweet pea stems for graceful movement. The addition of variegated eucalyptus and asparagus fern bunches creates dimensional greenery that enhances the natural aesthetic. This peony's enduring appeal makes it particularly well-suited for high-end retail environments, wedding decor specialists, and luxury hospitality venues. The classic white palette ensures seamless integration with existing collections while offering year-round availability that living peonies cannot match.
