

Concaved Set Of Two Black Mirrored Side Tables

Two stylish stacking side tables in a contemporary black metal and mirror design that will elevate the feel of a room and provide additional surface and styling space.

Contemporary black metal frame

Stacking design

Light reflecting mirrored surfaces

Code: 22487

Dimensions: 51L x 51W x 58H

Description

Redefining modern aesthetics, these ingenious nesting side tables showcase a seamless fusion of reflective mirrored surfaces and sleek black metal framework. The meticulously designed tables create an illusion of depth and space while serving as functional accent pieces for any interior setting. The mirror finish multiplies ambient light throughout your space, generating a luminous atmosphere that enhances room dynamics. These tables pair impeccably with the Garda Grey Glazed collection of vases for a cohesive monochromatic scheme, while the Matt White Ceramic Column Candle Holders add textural contrast. For ambient lighting integration, consider the Pula Table Lamp or Leptis Magna Table Lamp to complete the contemporary arrangement. The Stone Effect Acorn Tea Light Holder provides an organic touch, while artificial botanicals like the Laurel Leaf Spray or Gineraria Eucalyptus Spray introduce dimensional interest. For maximum visual impact, style these tables with White Orchids in Stone Pots, creating layers of interest through varied heights and materials. This thoughtful combination of accessories amplifies the tables' minimalist silhouette while maintaining their role as standout pieces in any curated retail display.

Specification
