Description

This distinguished French-inspired sideboard merges classical styling with modern sensibilities through its uniquely shaped design and bleached wood finish. The black ironwork handles provide a dramatic contrast against the washed hardwood exterior, while the full-width drawer and double-fronted cupboard with interior shelf deliver abundant storage possibilities. As part of the Copgrove Collection, this piece pairs beautifully with the collection's round pedestal dining table and complementary side tables. For a fully curated space, enhance the arrangement with the Ice Shadows table lamp featuring a navy blue shade, or add visual interest with the Garda grey glazed Tiber vase and a large white orchid arrangement.
