Dimensions: 0L x 0W x 73H

Description

The Cream Protea Lorea Stem is a stunning faux floral that captures the essence of the captivating Protea flower. With its striking, spherical bloom and lush, verdant foliage, this stem adds a touch of natural elegance to any space. Crafted with meticulous attention to detail, the Cream Protea Lorea Stem boasts a lifelike appearance that effortlessly complements a variety of interior styles, from modern minimalist to rustic chic. Pair this versatile stem with other faux botanicals, such as Banksia or Leucadendron, to create visually striking arrangements that will elevate your retail displays and online offerings.
