Description

Introducing the captivating Cream Protea Nitida Spray, a stunning floral addition that will elevate any space. This lifelike faux bloom features delicate ivory-hued flowers with intricate centers, surrounded by lush green foliage. Pair this versatile piece with other natural elements like eucalyptus or olive branches to create a chic, botanical-inspired display. Complement its elegant aesthetic with minimalist, Scandinavian-inspired interiors or incorporate it into lush, tropical-themed settings. Versatile and maintenance-free, the Cream Protea Nitida Spray is a must-have for discerning trade customers seeking to revitalize their product offerings and delight their customers.
