

Cream Triple Grass Stem

Life-like cream grass stem creates instant natural appeal. Triple-stem design adds authentic dimension. Perfect year-round display piece that needs zero upkeep.

- Maintenance-free botanical accent
- Three stems per piece maximize value
- Authentic cream coloration

Code: 22740
Dimensions: 0L x 0W x 80H

Description

Infuse your space with the organic beauty of this meticulously replicated grass stem, offering a refreshing take on botanical décor that maintains its pristine appearance year-round. The triple-stemmed design showcases delicate blades in a soothing cream hue, creating depth and movement that mirrors the graceful sway of natural meadow grasses. This artificial stem works beautifully in both minimalist and cottage-core arrangements, adding texture and visual interest without overwhelming other elements. For an inspired display, pair with the White Veronica Stem for vertical contrast, or combine with the Seeded Eucalyptus Spray for a layered, dimensional effect. The Sweet Pea Trail and Purple Wildflower Small Spray make perfect companions, introducing subtle color variations while maintaining a cohesive natural feel. The addition of the White Cow Parsley Ammi creates an ethereal, cloud-like effect that enhances the arrangement's overall composition. Perfect for retail environments seeking to offer customers contemporary yet accessible botanical solutions that require no maintenance while delivering consistent visual appeal throughout all seasons.
