Dimensions: 46L x 46W x 128H

Description

This meticulously detailed artificial spray showcases the distinct character of willow eucalyptus with its graceful stem and delicately arranged dark green foliage. Perfect for modern retail spaces and design-conscious homes, it brings dimension and movement to any display. Pair harmoniously with the White Wild Meadow Rose for romantic appeal, Gypsophila for airy texture, or the Gunnii Eucalyptus Spray for a layered botanical collection. The long-stemmed design allows for dramatic height in standalone presentations or as a foundational element in mixed arrangements, making it an essential addition to any artificial foliage inventory.
