- Multi-textured surfaces
- Adaptable display pieces
- Neutral color palette

Code: 23605

Dimensions: 4L x 8W x 7H

Description

Channel the organic allure of woodlands into your retail displays with this meticulously detailed faux moss collection. Each piece in this three-piece set exhibits varying textures and depths, offering an authentic representation of forest floor coverage. The moss pieces can be arranged individually or combined to generate dynamic visual interest, bringing depth and dimension to any display setting. For maximum visual impact, pair this moss collection with the Matt Black Hammered Vases with Lids or the Regola Matt White Ceramic Vase series. The neutral undertones of the moss complement both dark and light accessories, making it an essential addition to window displays, vignettes, and product styling. This versatile accent works particularly well when showcased alongside the Tall Washed Wood Window Mirror or the Chico Black Wire Mirror to create engaging retail presentations that resonate with customers seeking to bring elements of the outdoors into their spaces.
