No-fuss assembly ideal for retail setups

Nordic fir design with genuine branch layout

**Code:** 24136

**Dimensions:** 125L x 125W x 210H

### Description

Create a magical winter wonderland with this lush Green Forest Fir that stands as the perfect centrepiece for seasonal displays. The densely packed branches showcase realistic needle textures that catch and reflect light beautifully, while 300 integrated LED lights weave through the foliage to create an enchanting warm glow. Each tier of branches has been thoughtfully arranged to present an authentic silhouette that mirrors the majestic forest firs of Northern Europe. The pre-installed lighting system eliminates setup complexity, allowing for quick merchandising and display. When paired with our collection of glass icicle ornaments, metallic baubles, and crystalline tree toppers, this tree becomes a stunning focal point that will entice customers throughout the festive season. Consider complementing displays with our range of battery-operated window candles, illuminated garlands, and frosted pine cone collections to create comprehensive seasonal merchandising opportunities. The fool-proof assembly system ensures consistent presentation across all retail environments, while the sturdy construction guarantees multiple seasons of reliable use. Our coordinating range of LED fairy light strings and decorative tree skirts offers additional opportunities for increased basket value and complete Christmas display solutions. The warm white LEDs provide a consistent, energy-efficient illumination that enhances the tree's natural appearance while meeting modern energy consciousness demands.

### Specification

<b>Length:</b>	125cm
<b>Height:</b>	210cm
<b>Width:</b>	125cm
