Description

The elegant Green Moss Stem adds a touch of natural beauty to any space. Crafted with meticulous attention to detail, this faux floral boasts lifelike foliage that mimics the lush, verdant appearance of a thriving Tillandsia plant. Its vibrant green hues and delicate, feathery fronds lend an air of serene sophistication, making it a versatile choice for styling a wide range of interior settings. Pair this captivating stem with other natural elements, such as driftwood or stone, to create a soothing, biophilic-inspired display. Equally at home in modern, minimalist spaces as well as rustic, nature-inspired decors, the Green Moss Stem is a must-have for discerning trade customers seeking to elevate their product offerings.
