Silver-sage Gunnii Eucalyptus spray offers lifelike realism and enduring freshness. Perfect for year-round displays. Pairs beautifully with botanical accessories.

Resilient foliage retains shape

Multi-seasonal appeal

Code: 22167

Dimensions: 8L x 8W x 90H

Description

This artificial Gunnii Eucalyptus spray embodies the delicate artistry of botanical replication, with silver-sage foliage that appears to dance with a gentle shimmer in any lighting condition. The carefully structured branches create a graceful cascade of leaves that mirror the authentic characteristics of fresh eucalyptus, making it impossible to distinguish from its living counterpart. Each stem presents an ideal balance of fullness and negative space, allowing for effortless arrangement whether displayed solo or as part of a larger composition. This spray coordinates beautifully with our White Gypsophila for an airy, romantic look, or pairs magnificently with our Lambs Ear Spray to create depth through contrasting textures. For a modern botanical display, consider combining it with our Seeded Eucalyptus Spray and White Wild Meadow Rose. The enduring appeal of this artificial spray lies in its ability to maintain its fresh appearance indefinitely, providing lasting value for retailers and their customers. Its neutral palette makes it an essential addition to any artificial botanical collection, offering endless creative possibilities for both seasonal and year-round displays. The spray's construction ensures it can be repeatedly styled and adjusted without compromising its realistic appearance, making it an intelligent investment for trade customers seeking high-quality artificial botanicals that guarantee customer satisfaction.
