Description

Channeling classical Mediterranean design, this generously sized planter emanates understated luxury through its weathered old wall grey finish and substantial proportions. The textural surface treatment creates an aged patina that adds authenticity and depth, while the robust construction ensures lasting durability for both indoor and outdoor settings. For a cohesive aesthetic, pair with complementary accessories like the White Willow Spray for organic movement, Seeded Eucalyptus Stems to add vertical interest, or Traditional White Roses for classic appeal. The neutral palette allows for endless styling possibilities - layer with Viburnum Berry stems for seasonal warmth or combine with the fresh green tones of Eucalyptus Filler for year-round appeal. The planter's substantial rim and balanced proportions create an ideal showcase for both structural plants and cascading varieties. This piece works equally well as a standalone statement or grouped with other items from the Hellenic collection, such as the Large Shaded Sand variant, to create an impactful display. Perfect for luxury retail environments, high-end hospitality spaces, and discerning residential projects where quality and design integrity are paramount.

Please Note: The flowers and plants used in the product photography are used for illustrational purposes only and are not included with the planter.
