

## Large Frosted Candle Wreath

Frost-kissed wreath radiates winter beauty. Perfect centrepiece for seasonal displays. Enchanting addition to luxury Christmas collections.

Perfect for the festive season  
Handcrafted  
From the popular 'Recipe Collection'

**Code:** 21183  
**Dimensions:** 8L x 30W x 30H

### Description

A winter tableau awaits with this masterfully arranged seasonal wreath, where crystalline frost adorns each delicate leaf and berry, creating an otherworldly sheen that mirrors the magic of December mornings. This signature piece from the Recipe Collection demonstrates superior craftsmanship through its carefully composed layers of glistening foliage, which form an enchanting circle perfect for surrounding pillar candles in festive displays. The ethereal white dusting bestows a serene radiance that catches and reflects ambient light, establishing this wreath as the cornerstone of memorable seasonal presentations. For merchants seeking to build comprehensive seasonal collections, this wreath pairs beautifully with the LED Winter Wreath with Eucalyptus and Lamb's Ear, offering customers the option to incorporate subtle illumination. The addition of the Smoked Midnight Cracked Heart Large Candle Holder creates an alluring contrast against the frost-kissed elements, while the Snow Covered Branch adds graceful height to arrangements. The Natural Large Nutcracker Decoration provides a charming traditional accent that resonates with the wreath's seasonal appeal. This lasting piece transitions seamlessly through winter celebrations, making it an invaluable addition to any retailer's seasonal range. The refined design ensures consistent appeal to discerning shoppers, while the superior build quality guarantees enduring customer satisfaction.
