

Large Lavender Bush

Feel the romance of Provence with this realistic lavender arrangement. Twelve perfectly formed stems create instant drama. Pre-styled for quick, professional results.

An easily styled stem

Handcrafted

From the popular 'Recipe Collection'

Code: 11521

Dimensions: 16L x 16W x 66H

Description

From the cherished Recipe Collection comes a meticulously detailed floral arrangement that brings the serenity of French countryside to any space. Each bunch features approximately twelve delicate flower heads, authentically replicating the gentle sway and silvery-purple hues of wild lavender. The pre-formed arrangement saves valuable styling time while maintaining a natural, fresh-picked appearance. For maximum visual impact, pair with our Seville Collection Flute Vase to create dramatic height, or combine with Viburnum Berry sprays for textural contrast. The addition of White Protea as a focal point alongside this lavender bush creates an outstanding display that will appeal to design-conscious customers. For a modern botanical look, consider matching with our Variegated Eucalyptus and Green Wild Meadow Rose stems. Each stem's thoughtful construction ensures lasting beauty and minimal maintenance, making it an excellent choice for busy retail environments and homes alike.
