Star-crowned peak

Code: 23593

Dimensions: 40L x 40W x 130H

Description

This wicker Christmas centrepiece radiates warmth and charm through its delightful LED illumination, creating an enchanting glow that defines the festive atmosphere in any space. The natural woven texture adds depth and rustic appeal, while the crowning star detail pays homage to traditional yuletide symbolism. The substantial height makes it an impactful focal point, perfect for retail displays or home settings where it can catch customers' attention from every angle. This piece works harmoniously with the coordinating smaller wicker tree variations, allowing retailers to offer a complete collection. For a cohesive seasonal display, pair with the Noel Collection wicker bells in varying sizes, which echo the natural materials and artisanal quality. The addition of wooden star hanging decorations amplifies the traditional appeal, while the white ceramic star cut-out wax melt holder provides a complementary luminous element. The natural colour palette ensures this tree remains a sought-after choice for customers who favour understated festive décor, making it a reliable stock item that resonates with contemporary and traditional tastes alike. This investment piece promises strong seasonal sales, supported by its quality construction and thoughtful design elements that set it apart in the competitive Christmas decoration market.
