Description

Modern aesthetics meet functional design in this sleek matt black planter, set upon a minimalist frame that adds architectural interest to any retail space. The contemporary silhouette creates a dramatic statement piece that appeals to style-conscious consumers seeking high-end home accents. The planter's substantial proportions make it ideal for displaying artificial botanicals, with ample space for creative arrangements. For an impactful display, pair with our curated collection of artificial greenery including the Silver Dollar Eucalyptus, Seeded Eucalyptus Stem, and White Willow Spray. The matt black finish complements our Tiber ceramic vase collection while providing a perfect backdrop for seasonal merchandising opportunities. The durable construction ensures lasting quality, making it an excellent investment piece for retailers looking to expand their home décor offerings. This planter series has proven particularly successful when merchandised alongside our LED wax candles and metallic-finished accessories, creating cohesive visual displays that drive multiple purchase decisions.

Please Note: The flowers and plants used in the product photography are used for illustrational purposes only and are not included with the planter.
