Description

This exquisite convex mirror features multiple antiqued silver segments arranged in a mesmerizing circular pattern, creating a dramatic focal point that radiates vintage opulence. The meticulously designed segments reflect light and movement from every angle, while the aged patina adds character and depth to any interior. Perfect for boutique hotels, upscale residences, or designer showrooms, this statement piece pairs beautifully with the Pella Table Lamp for ambient lighting, or the Garda Grey Glazed collection of vases for a cohesive aesthetic. For maximum visual impact, consider grouping with Matt White Ceramic Column Candle Holders and the White Orchid in Stone Pot to create an arresting display that combines reflective surfaces with organic forms and textural elements.
