Code: 24182

Dimensions: 0L x 0W x 180H

### Description

Cascading with botanical grace, this artificial wisteria spray exemplifies high-end floral artistry. At an impressive 180cm length, the pristine white blossoms create a luxurious waterfall effect that makes an unforgettable impression in both residential and commercial spaces. Each delicate floret is thoughtfully arranged along the trailing stem, producing a realistic representation that rivals its living counterpart. The pure white colouration offers unmatched design flexibility, making it an outstanding choice for upscale wedding venues, hospitality settings, and exclusive retail displays. This statement piece from our premium artificial botanicals collection demonstrates superior craftsmanship in every detail, from the carefully moulded blooms to the naturally positioned foliage. For maximum visual impact, consider pairing with our complementary Autumn Burgundy Hydrangea and Light Blue Agapanthus, creating stunning seasonal displays that maintain their beauty year-round. The addition of our Green Banksia Stem provides textural contrast while maintaining the collection's commitment to authenticity. Perfect for creating dramatic ceiling installations, wall cascades, or free-standing focal points, this wisteria spray offers endless possibilities for creative merchandising and interior styling. The piece maintains its fresh appearance without maintenance, making it an intelligent investment for busy commercial environments where consistent presentation is paramount.
