

Large Wire Silver And Grey Glowray Conical Lantern

Add atmosphere and style in one with our elegant grey glowray lanterns. A cutwork metal pattern highlights the silver interior, giving a depth and additional layer of interest to each piece.

- Metallic, gently reflective interior
- On-trend grey exterior
- Adds atmosphere to a space

Code: 21682

Dimensions: 26L x 26W x 34H

Description

Radiating warmth and artistry, this distinctive lantern showcases a mesmerizing interplay of metallic surfaces and intricate wirework patterns. The silver interior creates an enchanting luminous effect, while the contemporary grey exterior perfectly aligns with modern design sensibilities. The detailed cutwork metal pattern produces an entrancing display of light and shadow, making it an ideal centerpiece for any curated space. When illuminated with LED candles, the metallic interior amplifies the ambient glow, creating an atmospheric visual experience that customers will find irresistible. This piece works exceptionally well when grouped with other grey-toned accessories from our collection, such as the Amalfi Grey Vase or complemented by our selection of artificial florals like the White Gladioli or Tall Black Triple Tulip Stem. For maximum impact in retail displays, we recommend pairing it with our curated range of real wax LED candles, which enhance the lantern's reflective properties and create an inviting atmosphere that will drive consumer interest. The combination of traditional lantern silhouette with contemporary finishing makes this piece adaptable to various interior styles, from minimalist modern to classic design schemes, ensuring broad market appeal and repeat customer satisfaction.
