

LED Wicker Christmas Tree With Star

Illuminated wicker Christmas tree creates magical ambiance. Natural materials blend tradition with modern style. LED lights and star topper complete this showstopping centerpiece.

LED integration provides consistent illumination

Durable wicker construction ensures multi-season use

Star topper adds height impact

Dimensions: 36L x 36W x 115H

Description

Reimagine your seasonal display with this illuminated wicker Christmas tree, a standout centrepiece that marries rustic charm with contemporary design. The intricate weaving technique creates a mesmerising interplay of light and shadow, while the integrated LED lighting system casts a warm, welcoming glow through the natural wicker construction. This impressive decorative piece reaches a substantial height, making it an attention-worthy focal point for retail spaces, hotel lobbies, or residential entryways. The crown jewel of this creation is the perfectly proportioned star topper, which completes the traditional tree silhouette while adding a modern twist. For an coordinated holiday collection, pair this statement piece with our complementary wicker bell decorations in varying sizes, wooden star hanging ornaments, and the understated beauty of our white-washed wooden stag decorations. The natural materials and neutral colour palette ensure this piece harmonises with both traditional and contemporary Christmas schemes. For added depth and visual interest, consider styling alongside our Cineraria Eucalyptus sprays and the characterful Natural Nutcracker decorations. This investment piece offers retailers a distinctive alternative to conventional Christmas trees, appealing to customers seeking sustainable, reusable holiday décor that maintains its appeal year after year.
