

## Light Purple Chrysanthemum

Long-lasting artificial bloom

Maintenance-free display option

Code: 22717 Dimensions: 0L x 0W x 54H

Description

Introducing a botanical marvel in the form of a delicately tinted light purple chrysanthenum, this artificial bloom mirrors the intricate layering and petal architecture of its living counterpart. Each stem showcases expertly crafted petals in a soothing lavender hue that adds depth and dimension to any floral arrangement. Perfect for creating year-round displays in retail environments, this artificial flower brings consistent beauty without maintenance concerns. For an artfully curated collection, part with our Pale Green Blue Chrysanthenum for tonal harmony, or create dramatic contrast with the Large White Poppy Stem. The addition of LED candles from our Luxe Collection, particularly the Natural Glow series in cream or white, provides ambient lighting that enhances the chrysanthenum's subtle color variations. Complete the display with the Purple Chrysanthenum Bouquet to create a cohesive, professional arrangement that will appeal to discerning customers seeking lasting, maintenance-free florals.
