

Live Edge Large Dining Table

Made from Indian acacia wood, this "live edge" dining table will comfortably seat 8 and has a stylish cross frame metal base, giving it an industrial luxe style.

Live edge acai wood top

Metal X-frame legs

8 seater dining table

Code: 20401

Dimensions: 240L x 100W x 78H

Description

Indian acacia wood combines with industrial metal cross-frame legs to deliver outstanding design appeal in this distinctive dining table. The natural wood grain and organic live edge create a raw, untamed beauty that brings outdoor elements into interior spaces. The grey metal base provides a modern industrial contrast that appeals to contemporary tastes. Perfect for families and entertainers, this generous table accommodates 8 guests comfortably. To enhance the organic aesthetic, pair with the Large White Orchid in Antique Stone Pot for a touch of living luxury, add the Large Ceramic Adele Shell Bowl as a dramatic centerpiece, and complete the look with the Soho Brass and Black Large Clock to inject industrial flair that echoes the table's metal framework. This thoughtful combination of accessories amplifies the table's ability to serve as a gathering point while maintaining design coherence through carefully selected complementary pieces.
