

Luxe Collection Melt Effect 3.5x9 Sage LED Wax Candle

Light up your space with this innovative sage LED candle featuring realistic wax drips. Battery-operated design eliminates safety concerns while maintaining authentic appeal. Available in multiple sizes for impactful displays.

Code: 23039
Dimensions: 9L x 9W x 23H

Description

Introducing an innovative LED wax candle that merges traditional charm with modern technology. The sage-hued exterior boasts a realistic dripping effect that mimics natural wax movement, creating an enchanting visual display without the safety concerns of an open flame. The gentle illumination produces a warm, inviting ambience perfect for retail spaces, restaurants, and residential settings. This battery-operated piece offers the ideal solution for areas where traditional candles aren't practical, while maintaining an authentic appearance that will impress discerning customers. For a coordinated display that will appeal to design-conscious buyers, pair with other sizes from the Luxe Collection Melt Effect range in complementary sage or grey tones. Consider merchandising alongside the Chico Black Wire Mirror to create depth and multiply the gentle lighting effect, or position near metallic accessories to enhance the ambient glow. This carefully considered piece works equally well as a standalone statement or grouped in varying heights for maximum visual impact.
