No-maintenance LED design

Realistic wax drip texture

Coordinates with multiple finishes

Code: 23035
Dimensions: 15L x 15W x 20H

Description

Bring warmth and atmosphere to your retail space with this innovative LED wax candle that merges traditional charm with modern technology. The taupe-colored wax exterior provides a stunning melt effect that mimics the organic dripping of real candles, creating an illusion that captivates customers. The built-in LED technology ensures safe, maintenance-free operation while producing a realistic flickering glow that's indistinguishable from authentic flame candles. Perfect for creating inviting displays, this piece coordinates seamlessly with the entire Luxe Collection, including the Natural Glow Stone LED candles for a textural contrast, and the Textured Ribbed LED candles for added visual interest. For maximum impact, we recommend pairing with varying heights from the same collection to create dynamic groupings that will entice your customers and drive sales across the entire range.
