- Handcrafted
- Two-tone finish

Code: 20877
Dimensions: 7L x 7W x 10H

Description

Bring warmth and ambiance to your retail space with this exceptional two-tone stone finish LED candle. Crafted with genuine wax and featuring an innovative flickering amber LED flame, this piece offers the perfect fusion of traditional charm and modern convenience. The meticulously designed surface texture creates an interplay of light and shadow, while the maintenance-free operation eliminates concerns about wax drips or fire hazards. This LED candle comes complete with a practical 6-hour timer function, making it an ideal choice for both residential and commercial settings. For a cohesive display, we recommend pairing it with the matching ribbed texture LED candles from the same collection, arranging them in varying heights for visual interest. The stone-toned wax coordinates beautifully with metallic accessories such as mercury glass votives or brushed metal candleholders, creating an appealing merchandising opportunity. Consider grouping with textured throws, metallic decorative spheres, or crystal tea light holders to create an irresistible retail display that will catch your customers' attention and drive sales across multiple product categories.

Specification

Length:	7cm	Barcode:	5050140087787
