Code: 23118

Dimensions: 2L x 2W x 25H

Description

Experience the serenity of soft illumination with these sage LED wax dinner candles, meticulously designed to replicate the authentic appearance of traditional wax candles. The subtle sage hue introduces a refreshing organic tone that adds depth to any interior setting. These innovative candles merge the safety of LED technology with the warm ambiance of traditional candlelight, making them ideal for retail environments where open flames are restricted. Perfect for creating layered lighting schemes, these dinner candles pair beautifully with the Luxe Collection Melt Effect series in complementary sage and grey tones, allowing customers to build coordinated displays. For maximum visual impact, consider combining with other pieces from the Luxe Collection, such as the 3x6, 3x4, and 5x5 LED wax candles in matching sage or contrasting grey finishes. The understated colorway works seamlessly with metallic accessories and crystal-effect pieces to create sophisticated tablescapes and decorative arrangements that will resonate with style-conscious consumers.
