Natural marble doorstop with unique veining patterns. Substantial weight ensures reliable function. Coordinates perfectly with metallic and cast metal accessories.

Genuine marble construction with individual patterning

Weighted design for reliable door control

Coordinates with silver and cast metal pieces

Code: 24229

Dimensions: 10L x 10W x 7H

Description

Crafted from polished marble, this distinctive doorstop merges function with decorative allure, offering a weighted presence that secures doors while enhancing interior aesthetics. The natural veining and crystalline structure of the marble creates an unrepeatable pattern, making each piece uniquely different. As part of our refined home accessories collection, this marble accent piece demonstrates superior material quality and attention to detail in its smooth, expertly finished surfaces. The neutral palette ensures seamless integration with both contemporary and classical décor schemes, while its substantial composition provides reliable door-securing performance. For a cohesive look throughout your space, consider pairing with our Silver Fluted Leather Handled Champagne Cooler and Black Cast Lattice Bowl, which share similar material refinement and practical luxury. The doorstop's robust construction and enduring material selection promise long-term reliability, making it an excellent choice for retailers seeking products that combine daily functionality with lasting style appeal. The geometric simplicity of the design allows it to coordinate effortlessly with our metallic accessories range, including the Silver Nickel Dog Bottle Stopper and Horse Bottle Opener, creating opportunities for attractive merchandising displays and complementary sales.
