

Matt Black Convexed Star Frame

Stylish, contemporary black metal star for wall mounting. Part of a set of three in alternative sizes, these look great displayed together in staggered size displays of 2 or 3.

- Contemporary styling
- Bold and distinctive
- Livens up an empty wall space of any size

Code: 22871
Dimensions: 25L x 25W x 8H

Description

Bring depth and dimension to your retail space with this modern architectural wall accent in sleek matte black metal. The convexed star design creates an illusion of movement and spatial interest through its three-dimensional form that extends 8cm from the wall surface. This contemporary piece excels as both a standalone statement and as part of a curated collection - particularly impressive when arranged in a set of two or three stars in varying sizes to create an eye-catching geometric installation. The minimalist yet impactful aesthetic pairs exceptionally well with our collection of metallic accessories, including the Square Decorative Hanging Collage Mirror in gold for a mixed-metals moment, or complement the modern lines with organic touches like our Frosted Pine Garland or Winter Garland with Lamb's Ear. For those seeking to build a cohesive display, consider partnering with our Seville Collection bubble vases in grey or olive, which echo the contemporary sensibility while adding textural contrast. The versatility of the piece makes it an essential addition to any home décor inventory, appealing to customers seeking either dramatic focal points or subtle architectural details for their spaces. The matte black finish ensures enduring style relevance across seasonal merchandising changes, while the star motif offers year-round appeal with particular resonance during holiday seasons.

Specification
