

Medium Snowy Woodland Pre-Lit 200 Led Christmas Tree

Frosted woodland tree with 200 LEDs creates magical winter scenes. Professional-grade construction ensures lasting beauty. Perfect backdrop for crystal and metallic decorations.

- Pre-wired lighting system minimises setup time
- Frost-effect needles reflect light brilliantly
- Balanced 120cm profile fits most retail spaces

Code: 24125

Dimensions: 45L x 45W x 120H

Description

Experience the enchantment of winter with this ethereal pre-lit woodland creation. Each branch bears a delicate dusting of snow that sparkles magnificently when illuminated by 200 integrated LED lights, creating an otherworldly glow throughout its realistic foliage. The balanced silhouette presents a thoughtfully designed arrangement that captures the serene beauty of a frost-kissed forest. This 120cm masterwork serves as the perfect centrepiece for seasonal displays, offering a magical focal point that will enthral customers and generate substantial seasonal sales. To amplify its appeal, consider pairing with our collection of crystalline hanging ornaments, mercury glass baubles, or woodland-themed decorative picks. The white-frosted needles provide an ideal backdrop for both cool-toned silver and crystal accessories, as well as warm gold and copper accents. For a cohesive display, match with our range of pre-lit garlands, wreaths, and tabletop trees from the same collection. The warm white LED illumination creates an inviting atmosphere that beckons customers to explore further, making it an essential addition to any Christmas retail collection. Its realistic appearance and professional-grade construction ensure customer satisfaction and repeat business throughout the festive season.
