Coordinates with natural and white wash collections

Code: 23470

Dimensions: 6L x 6W x 8H

Description

A charming addition to any festive collection, this diminutive wooden pine cone bauble exemplifies understated rustic luxury. The organic silhouette mirrors the authentic contours of a natural pine cone, rendered in finely detailed wood that highlights the intricate layering of scales. Each piece demonstrates superior craftsmanship through its precise carving and authentic texture, making it an essential component of a curated Christmas display. The neutral wooden finish allows for seamless integration with both traditional and contemporary décor schemes, while its modest scale makes it perfect for intimate tree arrangements or clustered holiday vignettes. For an impeccably coordinated aesthetic, pair this bauble with complementary pieces from our collection including the Antique White Wash Small Pine Cone Bauble for textural contrast, the Natural Wooden Christmas Tree for thematic harmony, and the White Wash Collection Wooden Star Decoration to add dimensional interest. The Natural Nutcracker Decoration provides a whimsical counterpoint, while the Antique Gold Bell Bauble introduces a subtle metallic accent that enhances the overall composition. This bauble represents the pinnacle of artisanal Christmas ornamentation, offering retailers a distinctive product that appeals to discerning customers seeking authentic, well-crafted seasonal décor.
