Structured holes for exact stem positioning

Durable ceramic construction

Pairs with white and textured vases

Code: 22881

Dimensions: 15L x 15W x 8H

Description

A brilliantly designed off-white ceramic flower frog that merges functionality with artistic merit. This piece showcases a pristine glazed finish that reflects light beautifully across its structured surface, creating an ideal base for floral arrangements. The intricately designed holes provide perfect placement opportunities for stems, allowing for precise control over arrangement shapes and angles. This essential florist's tool pairs magnificently with the Darcy Antique White Vase, Garda White Stefanie Vase, and the Regola Matt White Ceramic collection. For a cohesive display, combine with the Large Ceramic Adele Shell Bowl to create depth and visual interest. The piece works exceptionally well with white florals such as the Italian White Bellflower and Faux White Cow Parsley Ammi, while also providing stunning contrast when used with the Variegated Eucalyptus Bouquet or Viburnum Opulus. This professional-grade flower frog enables creative freedom while maintaining the structural integrity of complex arrangements, making it an indispensable addition to any florist's inventory.
