Description

Bring warmth and vitality to any space with this meticulously detailed dahila spray, showcasing layers of rich orange petals that mirror the intensity of autumn sunsets. Part of our sough-after Recipe Collection, this botanical marvel provides year-round beauty without maintenance concerns. For an impactful seasonal display, pair with our Brugney Peory Rose and Deep Mustard Dahila setm to create a rich autumn palette. The addition of our Variegated Eucalytus Bouget and Burgundy Berried Eucalyptus introduces textural depth and organic movement to arrangements. For standalone impact, consider grouping with our Gray Large Faux Pampas Grass Stem to create dramatic height variations and introduce contemporary prain-exity le elements. Each stem has been precisely crafted to achieve botanical accuracy, making it an invaluable addition to your product range that will appeal to design-conscious customers seeking lasting seasonal décor solutions.
