Set of two white planters with clean lines and balanced proportions. Matte finish adds refined style. Perfect for indoor or outdoor use.

- Durable ceramic construction
- Multi-height design
- Coordinates with Mediterranean collections

Code: 23771

Dimensions: 75L x 75W x 57H

Description

White ceramic planters embodying minimalist design principles combine classical Mediterranean aesthetics with modern functionality. These vessels offer a pristine canvas for botanical displays, with their clean lines and understated geometry creating a serene focal point in any space. The set of two planters presents varying heights for dynamic visual interest, while their matte Lyme white finish reflects light with subtle sophistication. Perfect for both indoor and outdoor settings, these planters coordinate seamlessly with the Hellenic collection of decorative pots and the Hammered Silver Astral vase for a cohesive display. The addition of artificial Variegated Eucalyptus or Large Onion Grass enhances their appeal, creating instant arrangements that require no maintenance. For ambient lighting coordination, pair with the grey glass table lamp featuring a natural linen shade, or incorporate the Kubu rattan storage baskets to add textural contrast. The planters' proportions allow for dramatic botanical presentations while maintaining a refined presence that appeals to design-conscious consumers seeking adaptable decor elements. Their durable construction ensures longevity in both residential and commercial applications, making them an intelligent choice for retailers catering to discriminating clientele.

Please Note: The flowers and plants used in the product photography are used for illustrational purposes only and are not included with the planter.
