Description

An alluring artificial bloom that mirrors the splendor of genuine peonies, featuring meticulously detailed petals in varying peach tones that create a lifelike depth and dimension. This full-bodied flower incorporates both an open bloom and a closed bud on each stem, showcasing the authentic growth stages of real peonies. The graceful stems inject wonderful energy and warmth into any space, making them ideal for luxury retail environments and upscale interior projects. For an enchanting botanical display, pair with the White Wild Meadow Rose for contrast, add texture with Lamb's Ear sprays, and incorporate movement with flowing Cream Pampas grass. The Eucalyptus spray provides the perfect foliage backdrop, while delicate Gypsophila adds airy lightness to complete arrangements. This intelligent combination of complementary stems allows retailers to offer customers a complete solution for creating professional-quality artificial arrangements that maintain year-round appeal.
