Multi-layered blooms catch and reflect light

Color-matched stems for authentic appearance

Commercial-ready arrangement with immediate display potential

Code: 22721

Dimensions: 0L x 0W x 60H

Description

Infuse your space with the luxuriant charm of our Purple Chrysanthemum Bouquet, featuring richly layered petals in deep purple hues that create depth and visual interest. Each carefully arranged bloom radiates an alluring authenticity that catches light and attention in equal measure. This botanical arrangement pairs beautifully with our Matt White Ceramic Candle Holder for a clean, modern aesthetic, while the addition of our Seeded Eucalyptus Spray and Large Blue Eucalyptus Stem introduces varied textures and complementary cool tones. For maximum visual impact, consider combining with our Winter Spray Arrangement featuring Lamb's Ear and Wax Flower, which shares the same refined sensibility and attention to detail. The arrangement's thoughtful composition allows it to stand alone as a centerpiece or blend seamlessly into existing displays, making it an essential addition to any retailer's artificial flower collection. Our Purple Chrysanthemum Bouquet represents the perfect balance between lasting beauty and commercial appeal, promising strong returns for stockists catering to design-conscious customers.
