Description

Demonstrating unmatched finesse in contemporary design, this large amfora vase from the Ravello Collection manifests the perfect fusion of form and function. The distinctive striped pattern adorning its surface creates an engaging interplay of light and shadow, while the substantial proportions make it an ideal centrepiece for expansive spaces. The refined silhouette pays homage to classical Mediterranean vessels while incorporating modern sensibilities through its clean lines and precise geometric patterns. This statement piece harmoniously balances visual weight with aesthetic refinement, making it particularly suited to both minimalist and ornate interior schemes. The vase's distinctive profile works beautifully when paired with other pieces from the Ravello Collection, particularly alongside the Smoked Sage Glass Ellipse Vase or the Garda Emerald Glazed Liv Vase for a cohesive display. The subtle tonal variations and textural elements ensure it maintains visual interest from every angle, while its generous dimensions provide ample space for dramatic floral arrangements or as a standalone artistic element. For trade customers, this piece represents an opportunity to offer clients a design-forward option that appeals to discerning tastes and contemporary aesthetics.
