The surface boasts an intricate pattern that catches and reflects light, creating an ever-changing display as you move around it. This medium-sized vessel draws inspiration from traditional Mediterranean design, making it an ideal centerpiece for both modern and traditional retail spaces. Its balanced proportions and neutral palette ensure universal appeal, while the distinctive rectangular shape offers a fresh take on conventional vase designs. For maximum visual impact, consider pairing with our coordinating White Gypsophila Spray, which adds ethereal movement and depth. The piece also coordinates seamlessly with items from our Seville Collection, particularly the Olive Squat Vase and Alpine Vase, creating opportunities for stunning multi-vessel displays. The subtle textural elements and carefully considered dimensions make it equally suited for both floral arrangements and standalone decorative use, appealing to a broad spectrum of retail customers. For trade buyers seeking to create cohesive product stories, this vase works exceptionally well alongside our Moroccan Style Lidded Display Jar and Matt Black Large Hammered Vase, offering your customers diverse styling possibilities while maintaining a consistent design narrative.
