Description

A mesmerizing fusion of industrial design and contemporary artistry defines this black wire mirror, featuring an intricate geometric pattern that creates fascinating depth and dimension. The expansive circular silhouette serves as an arresting focal point, while the wire framework casts enchanting shadows that dance across your walls throughout the day. For a cohesive display that maximizes visual interest, pair this statement piece with the Black Cast Lattice Vases, which echo its linear aesthetic, or create contrast with the organic forms of the Chianti Artichoke and Gold Pinecone Finial. The Amalfi Column Candle Holders in grey provide additional vertical elements that complement the mirror's strong linear presence, while the Tiber White Ceramic Vases offer a serene counterpoint to the industrial wire design.
