Description

Introducing a stunning artificial grass stem that brings depth and texture to any floral arrangement. The rich ruby tones create a luxurious accent that catches the light and adds movement to displays. This triple-stemmed design offers exceptional value and visual interest, making it an essential addition to your artificial botanical collection. For maximum impact, pair this grass stem with deep burgundy orchid sprays and mustard dahlias to create dramatic seasonal displays that will appeal to discerning customers. The chocolate chrysanthemums and grey pampas grass stems make ideal companions for creating modern, moody arrangements that stay fresh-looking year-round. This artificial grass stem works particularly well with autumn-toned hydrangeas and rich burgundy peonies, allowing your customers to create lasting arrangements that maintain their appeal across multiple seasons.
