Description

Enhance your seasonal retail collection with this set of six carved wood-effect pumpkins, each piece meticulously detailed to replicate authentic harvest textures and forms. The artisanal finish creates an organic, rustic appeal that resonates with customers seeking authentic autumn décor. These decorative pumpkins offer endless styling possibilities - arrange them in the Tiber Stone Ceramic Vase for a dramatic centerpiece, or pair them with the LED Winter Garland for an enchanting seasonal display. The collection works beautifully alongside the Luxe Collection Natural Glow LED Candles, creating warm, inviting atmospheres that customers desire for their homes. Each pumpkin in the set offers unique carved detailing, making them ideal standalone pieces or grouped displays. For maximum visual impact, consider merchandising alongside the Darcy Antique White Vase or incorporating them into a seasonal vignette with the Winter Sprig with Lambs Ear and Wax Flower. The neutral palette ensures widespread appeal and seamless integration with existing home décor, while the durable construction promises lasting quality that customers value. This collection presents an opportunity to expand your autumn offerings with a product that combines visual interest with practical durability.
